ABOUT ME

To begin with, I'm a third year student at the ITMO University and would like to apply for internship or work. The main reasons for my application are to gain practical experience, use my own skills, contribute to real projects that people would use and learn new technologies. Moreover it would be a perfect chance to work in a team and meet new people.

EDUCATION

Physical technical lyceum 1   Saratov, Russia
                                                                        2012 - 2019
